

JENNIFER HUNT CORNELL TELLS HER STORY

The following testimonials are all from parents that have used Dr. Aron to treat their children. Many of these individuals had tried multiple specialists without success for years. Dr. Aron was able to restore the skin and give the children almost instant and permanent relief from itching and severe eczema. If you wish to correspond with any of these parents and ask questions, they can be found on Dr. Aron's Facebook Discussion Group.

A day in the life of Joseph before we found Dr Aron was a typical day of an eczema sufferer....constant itching, tears at bath time, infections, blood stained bedding, wet wrapping and paste bandages before bed, lack of appetite and crying over silly things. Our life revolved around Joseph's skin. I remember a week before we learnt of Dr Aron, I posted a tweet on Twitter asking for a miracle and someone up there must have been looking down on us because we found it! Within 24 hours of using Dr Aron's treatment, we could see a remarkable difference, not only in Joseph's skin, but his temperament too, and unbelievably he didn't seem to be scratching at all! I was speechless! He also had that cheeky glint in his eye which he hadn't had for such a long time! Bath times are no longer a screaming match, in fact quite the opposite, he loves them so much we struggle to get him out! Makes a lovely change from struggling to get him in! He's also put on weight, after regaining his appetite, and he has made lots of new friends as he is able to socialise more. Our lives have changed literally over night and are no longer dictated by Joseph's skin. We will never be able to thank Dr Aron and Kate enough for giving our boy his childhood back. We will forever be grateful for their help, kindness and understanding and I urge anyone who suffers with this condition or who's child suffers to get in touch with them. It will be the best decision you ever make!
