

# ELAINE RICHARDSON TELLS HER STORY

The following testimonials are all from parents that have used Dr. Aron to treat their children. Many of these individuals had tried multiple specialists without success for years. Dr. Aron was able to restore the skin and give the children almost instant and permanent relief from itching and severe eczema. If you wish to correspond with any of these parents and ask questions, they can be found on Dr. Aron's Facebook Discussion Group.

---

Our Daughter is 13 and has suffered from terrible eczema most of her life. We had tried every treatment going, including 2 different immune suppressant drugs and nothing was working for her. We stopped her topical steroids, wrongly believing that they were to blame, and put her through months of TSW hell. We thought all our options had been used. After putting out a desperate online plea we were led to Dr Aron. Within days of starting his treatment our daughters life was turned around. Her skin began to settle and the itching disappeared. It was literally like a miracle. Shes going from strength to strength and her skin is improving by the day. After 18 months of absence from school she is now back full time and loving it. We're so thankful to have found Dr Aron when we did and will be eternally grateful to him for saving our family and for giving our daughter a normal life.
