

CHARLENE ORTIZ TELLS HER STORY

The following testimonials are all from parents that have used Dr. Aron to treat their children. Many of these individuals had tried multiple specialists without success for years. Dr. Aron was able to restore the skin and give the children almost instant and permanent relief from itching and severe eczema. If you wish to correspond with any of these parents and ask questions, they can be found on Dr. Aron's Facebook Discussion Group.

My 12 year old son suffered with eczema since 2 months of age. We tried everything. Steroids, emollients, diet restrictions, gauze, herbs and acupuncture. I'm sure we left some things out. His self esteem suffered, he never wore shorts or short sleeves out of the house (we live in Southern California!) he missed out on social stuff that included anything that would irritate his skin like swimming, beach, bike rides on a warm day. He just wanted to be a "normal" boy that didn't have to worry about that state of his skin day to day. We began Dr. Aron on April 3rd 2015 and we are a month in now. My son has slept better than he has. EVER. His skin is clearer than it has ever been and he isn't scratching uncontrollably. I can't thank Dr. Aron enough for giving my son a quality of life back!!
